

MQ Power DCA 25SSIU Installation Guide One Link v2

## Installation Instructions:

**1**. Put the generator in stop mode.

**2**. Disconnect the positive battery terminal. (Do not reconnect the positive battery terminal until step 14.)

**3**. Using the magnetic mounts, mount the One Link inside of the generator enclosure close to the controller. (Be sure the mounting location is away from weather exposure.)

**4**. Connect the ring connector on the **red** wire of the battery wiring harness to the positive (+) battery terminal.

**5**. Connect the ring connector on the **black** wire of the battery wiring harness to the negative (-) battery terminal.

**6**. Route the **red** wire and **black** wire from the One Link I/O cable to the battery wiring harness installed in steps 4 and 5.

**7**. Using one of the included lever wire connectors, connect the bare **black** wire from the battery wiring harness to the bare **black** wire from the One Link I/O cable.

8. Using one of the included lever wire connectors, connect the bare **red** wire from the battery wiring harness to the bare **red** wire from the One Link I/O cable.

## **Parts List:**

Lever Connectors(2)

## Installation Instructions(cont.)

**9**. Route the **white** wire from the One Link I/O cable to the back of the Hertz Meter.

**10**. Route the **white** wire with **black** stripe from the One Link I/O cable to the back of the Hertz Meter.

**11**. Mount the LTE/GPS antenna on the top of the generator.

**12**. Connect the LTE antenna cable to the top connector on the right side of the One Link.

**13**. Connect the GPS antenna cable to the bottom connector on the right side of the One Link.

**14**. Reconnect the positive battery terminal to the battery.

At this time the One Link will power up and begin communicating with the generator. Please allow 5-10 minutes for the One Link to establish a connection to the internet. Check the activation screen or your One Link account to ensure the generator's vitals update, and the One Link is transmitting data.
